Electronic engineering (also called electronics and communications engineering) is an electrical engineering discipline which utilizes nonlinear and active electrical components (such as semiconductor devices, especially transistors, diodes and integrated circuits) to design electronic circuits, devices, VLSI devices and their systems. The discipline typically also designs passive electrical ...

Electronic engineering - Wikipedia

Mass surveillance is the intricate surveillance of an entire or a substantial fraction of a population in order to monitor that group of citizens. The surveillance is often carried out by local and federal governments or governmental organisations, such as organizations like the NSA and the FBI, but it may also be carried out by corporations (either on behalf of governments or at their own ...

Mass surveillance - Wikipedia

Brainloop is the vendors with its headquarters in Germany. Its main focus is assistance throughout deal-making collaborations. It means that Brainloops provides diverse software that simplifies and facilitates communication between the project participants and guarantee safe information exchange.
